

## Project launch “Digital4HS – Development of digital competencies for HS Timber Productions employees”

HS TIMBER PRODUCTIONS S.R.L. implements between 15 July, 2021 and 14 January, 2023, the “Digital4HS – Development of digital competencies for HS Timber Productions employees” project, with the MySMIS code 149569.

**The general objective of the project** is to improve the level of knowledge/competence/skills of the employees who carry out their activity in the economic sectors identified as having a competitive potential, according to the National Competitiveness Strategy (CNS) and the areas of intelligent specialisation, according to the National Strategy for Research, Development and Innovation (SNCDI), through training programmes for employees from less developed regions of Romania.

**The target group** consists of 258 employees working in the project implementation regions - North-East and Centre - in one of the economic sectors identified as having a competitive potential, according to the CNS and in the areas of smart specialisation, according to SNCDI. Of those who can be part of the target group, at least 14 people (5.43%) will be elderly employees (55-64 years), and at least 65 people (25.19%) will be female.

Following the implementation of the project, the following **results** are expected:

- **258** employees of the company will participate in training programmes for the development of primary/advanced IT&C skills, including those dedicated to IT specialists;
- **4 professional training programmes will be organised;**
- **A minimum of 207 people (80%)** in the training programmes will be certified.

**The total value of the project** is 2,586,006.20 lei, of which non-reimbursable financial allocations are 1,058,193.40 lei.

Project co-financed by the European Social Fund, through the Human Capital Programme 2014- 2020.
